

# Who Am I

---

An orthopedist, also known as an orthopedic surgeon, is a medical doctor specializing in diagnosing, treating, preventing, and rehabilitating musculoskeletal injuries, disorders, and diseases. This system includes bones, joints, ligaments, muscles, nerves, and tendons.

Dr. Zlata Zhivago, M.D. - Board-Certified Orthopedic Surgeon\*\*

Dr. Zlata Zhivago is a renowned board-certified orthopedic surgeon with over 15 years of experience specializing in joint replacement, sports medicine, and minimally invasive surgical techniques. A graduate of the prestigious Johns Hopkins University School of Medicine, Dr. Zhivago completed her orthopedic surgery residency at the Mayo Clinic, where she honed her skills under the guidance of some of the world's leading orthopedic experts.

Throughout her illustrious career, Dr. Zhivago has been dedicated to advancing the field of orthopedics. She has published numerous research papers in top-tier medical journals, presented at international conferences, and has been recognized with several awards for her clinical excellence and contributions to research.

In addition to her clinical practice, Dr. Zhivago is an active member of the American Academy of Orthopedic Surgeons (AAOS) and serves on the editorial board of the Journal of Orthopedic Surgery. She is also a sought-after speaker and educator, regularly conducting workshops and training sessions for upcoming orthopedic surgeons.

At her state-of-the-art clinic, Dr. Zhivago and her team are committed to providing personalized care, ensuring that each patient receives the most advanced treatments tailored to their unique needs. Her holistic approach to patient care, combined with her expertise, has made her a trusted name in orthopedics, with patients traveling from all over the country to seek her expertise.

Outside of her professional life, Dr. Zhivago is an avid marathon runner and enjoys mentoring young medical students, emphasizing the importance of work-life balance in the demanding field of medicine.
